What would you like me to know about your animal and their situation:

Consent to treat with Reiki:

I understand that Reiki is a simple, gentle, hands-on or remote energy technique that is used for stress reduction and relaxation. I understand that Reiki practitioners do not diagnose conditions nor do they prescribe or perform medical treatment, prescribe substances, nor interfere with the treatment of a licensed veterinarian. I understand that Reiki does not take the place of traditional veterinary care. It is recommended that I see a veterinarian any physical ailment that the animal may have. I understand that Reiki can complement any medical care that the animal may be receiving. I also understand that the body has the ability to heal itself and to do so, complete relaxation is often beneficial. I acknowledge that long term imbalances in the body sometimes require multiple sessions in order to facilitate the level of relaxation needed by the body to heal itself.
